

About the project...

Three local artists will be creating a window display in Yeovil Town Centre for the Window Wanderland project and we would love you to be a part of it.
Our overarching theme is 'Sky, Land and Sea'.

This project focuses on the importance of our home. This is land and part of the brief.

This is a fun art activity for ALL. With 4 different ways to have a go at making your own paper 'stain glass' window.

Using simple shapes we would like to invite you to make your own house design to add to the community window skyline and also one for your home window so you can join us in Yeovil's 1st Window Wanderland.

A Home Is More Than A House: Making paper "stain glass" windows by Natasha Rand ©

Easy Family Friendly Creative Collage Fun House

1. Use strips and shapes of black paper to make a house shape.

2. Glue shapes on to the coloured tissue paper.

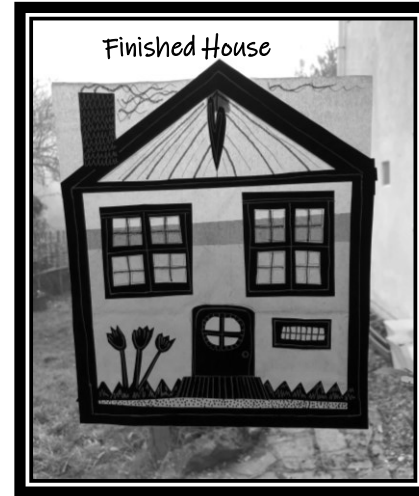

3. Glue coloured tissue paper on the back of the cut out.

4. Use the pens to add details.

5. Add personal touches like flowers.

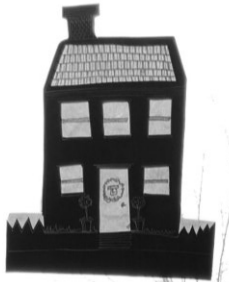

Finished House

Please make a house to add to our community window scene!
Then make a street for your window at home!

Your pack includes:
Black paper
Coloured tissue paper
paper

A white pen
and black pen
A glue stick
Templates and
help sheet
You will also
need:

Scissors and/or
a craft knife
Empty cereal
box

home

[hom] noun

a gathering place for family to join together in laughter.
the one place you will always be surrounded by those
who love you. a place or feeling of belonging.

Challenge: The Manor House

We are inviting you to make a 'window' house to add to our shop window display to show that together homes make a community. Please send your creations to: Yeovil Art Space, Quedam Shopping Centre, Yeovil BA20 1EX in the envelope provided, by the 15th February.

Home Window Activity: Your Cardboard Street

Advanced Design

Your inner artist
may feel
confident to use
a craft scalpel.
To add finer cuts
to your black
frame.

1. Use an old cereal packet and flatten it out. Draw out a row of houses (no space in between).

2. Cut out the shape.

3. Colour the cardboard black.

4. Glue coloured paper on the back.

5. Add details with white pen..

Extra Idea

Use the glue dots to stick your
creation in your window. Draw with
chalk pens or add a sheet or extra
tissue paper to add the detail of a
sky.

So designing your own house or even row of houses for your window design is easy and fun.

Look to your own house, street and town for inspiration. Be imaginative! It is your design.

Researching famous building and their architecture may give you ideas.
